As adopted at the VMS Annual Meeting on October 27, 2018

RESOLVED, The Vermont Medical Society will work with the Vermont Department of Health, the Vermont Department of Liquor Control, the Vermont Department of Education, the Attorney General, school administrators and other prevention specialists to:

- Educate youth on the dangers of electronic nicotine delivery devices
- Support advancing technology that can prevent the use of electronic nicotine delivery devices
- Support raising the age of all tobacco products, including electronic nicotine delivery devices, to 21
- Support flavor ban policies
- Strengthen marketing restrictions of these products to youth
