

## PQRS Corner

### Don't Feel Like Reporting Your 2015 PQRS Data?

It may be a hassle, but not reporting your 2015 data means an automatic **-2.0%** PQRS payment adjustment will be applied to your Medicare Part B payments in 2017. Additionally, failure to satisfactorily report 2015 PQRS data will trigger an additional **-2.0%** Value Modifier (VM) payment adjustment to your 2017 Medicare payments.
